Work Experience

GzofTech Solution | *Front-End Developer | Remote*
Des 2024 - Present
- Developed Gzoft Profile with a dynamic UI using React, Tailwind CSS, GSAP, and Framer Motion.
- Optimized performance, responsiveness, and state management for seamless experience.
- Integrated APIs efficiently with the backend team for real-time data updates..

SkillMate Community | *Full-stack Web developer | Remote*
April 2024 - May 2024

- Developed SkillMate using React, Tailwind CSS, and Firebase for an efficient freelancer-client platform.
- Implemented user authentication, real-time updates, and responsive design to enhance usability.
- Managed back-end integration with Firebase for seamless authentication and data handling.

Vault Of Code | *Front-End Developer | Intern*
Oct 2023 – Nov 2023
- Worked on real-world projects using HTML, CSS, and JavaScript, gaining practical development experience.
- Developed responsive, user-friendly web interfaces, improving overall UI/UX design.

Projects

Learning Management System
Jan 2024 - Feb 2024
- Delivered our first freelance project, ensuring seamless functionality and scalability
- Developed an LMS using Next.js, React, and Tailwind CSS for online education.
- Integrated MongoDB for efficient data storage and retrieval.

Inventory Management System
Mar 2024 - May 2024
- Built an Inventory Management System with Next.js, React, and Tailwind CSS to optimize stock management.
- Developed features for product tracking, order management, and real-time inventory updates.
- Used MongoDB for robust data storage, ensuring quick and reliable access.

No-Code/Low-Code Web Application Builder
Oct 2024 - Feb 2025
- Converted hand-drawn sketches to React.js code through an AI-driven application, reducing the number of steps required for UI design from 10 to 3 and improving design workflow.
- Streamlined UI development by automating sketch-to-code conversion.
- Sketch-to-Code Converter – Users can draw diagrams, and the system converts them into code using Python, TensorFlow, and OpenCV for AI-powered recognition.

Education

Achariya College of Engineering Technology – Villianur, Puducherry Bachelor of Technology in Computer Science and Engineering | **CGPA: 8.45**   *September 2021 – May 2025*

Government Higher Secondary School – Anumandai, Tamil Nadu
HSC (XII) | **Percentage: 84.7%**   *June 2020 – April 2021*

Government Higher Secondary School – Anumandai, Tamil Nadu
SSLC (X) | **Percentage: 81%**   *June 2018 – April 2019*

Skills

Technical Skill

- Python
- Java
- TypeScript
- JavaScript (ES6+)
- React.js
- HTML/ CSS
- Tailwind
- Framer Motion
- GSAP
- Node.js
- Express.js
- Next.js
- MongoDB
- SQL
- MySQL
- CI/CD
- Heroku
- Vercel
- Fast API
- Django
- Flask
- Docker
- NextAuth
- OAuth
- Redux
- Context API
- Git, GitHub
- Docker
- Bootstrap

Soft Skills

Teamwork | Problem-Solving | Leadership | Time Management | Communication | Adaptability | Work Under Pressure

Certification

- HTML and CSS from Meta.
- hold certificates from LinkedIn in:
    - Become a Full-Stack Web Developer.
    - Node.js and Express Essential Training.
    - React.js Essential Training.
    - SQL and MySQL Essential

Achievement

- **3x Project Champion** – Won **1st place** three times for innovative projects.
- **Python Workshop Instructor** – Conducted a **1-week session** for 1st & 2nd-year student
